## Supported Bus Consultation Drop-in Sessions 2016

The council has launched an eight week public consultation on public transport services it supports financially through a public subsidy. 59 bus services are affected and we are asking the public how the changes might affect them before making a decision.

Copies of the Review of Bus Services Consultation Proposal and a Questionnaire to enable residents to respond will be available at the following Drop-in Consultation Sessions.

You can also complete the Questionnaire via the online Consultation Pack, available at
